

Reference for ElderFriends Applicant

ElderFriends is a volunteer-based program that provides companionship, outreach, and advocacy services to isolated older adults in Seattle and King County. We match elders with friendly visitors to relieve feelings of isolation and loneliness. Volunteers commit to visit one individual at least twice monthly for one year. Because of the one-on-one nature of these relationships, character references are an important component in determining a potential volunteer's suitability for the program. Thank you for taking the time to complete this questionnaire.
